## Men's Suits and Overcoats At \$15 and \$18

We've shown an utter disregard of precedent in the Suits and Overcoats we have built to sell at \$15 and \$18.

The change is all in your favor—for we've raised the standard. The Suits and Overcoats that we are selling at \$15 and \$18 to-day are better than the ones we sold last season at those prices. They are faultlessly correct in style, they are carefully tailored, they are perfect-fitting, and they were built over the same models and by the same skilled tailors as garments costing twice as much.

So the man who chooses to pay \$15 or \$18 for his Suit or Overcoat gets more than he ever did before—if it is a product of the Saks workshops.

For we mean that ours shall always be best; and that determination must be self-evident to everyone who critically inspects a Saks garment.

### VISIT TO ALMA MATER

GOVERNOR-ELECT ADDRESSES  
GEORGETOWN LAW STUDENTS.

"Independence in Politics" was the theme of an address by Gov.-elect James H. Higgins of Rhode Island before the students of the School of Law, Georgetown University, 506-508 E street, last evening. When it was announced that Mr. Higgins would address the student body of his alma mater more than four hundred pupils of Georgetown Law School gathered in the assembly hall to hear him. As he walked to the platform the familiar "Hoya, Hoya, Saxa" yell was uttered with a will. When the noise had subsided the governor-elect, who is just thirty years of age, and bears a striking resemblance to Gov. John Crepps Wickliffe Beckham of Kentucky, began his remarks. It was more in the nature of a college talk, fellow to fellow, than an address upon the current issues of the day.

Among other things, the governor-elect said: "Regardless of what your politics may be, you have a great field before you. If you are a democrat, be independent and do not take orders from a party boss. If you are a republican, do not declare to your party, and be careful to remember that your state and your nation are bigger than any politician. Recent victories have shown that they were to be won without the aid of the party boss. His day is waning. Let the politician who is gifted with ordinary intelligence adhere to clean methods and he is bound to succeed."

Mr. Higgins paid a glowing tribute to Georgetown University, and especially to the School of Law, and declared that the graduates of his alma mater are recognized throughout the country and stand high in every state. He pointed to the state of Rhode Island, and stated that there it is only necessary to exhibit a diploma from the law department of the university to obtain admission to the bar.

### FIRED THE TENEMENTS

POLICE SAY WALTER FINNEY  
HAS CONFESSED.

NEW YORK, November 23.—Walter E. Finney, twenty-three years old, who the police declare, has informed them that he has a mission from the Lord to "cleanse and chastise by fire," was arrested today charged with setting the series of fires which created consternation and did considerable damage in the vicinity of 23d street and 8th avenue early yesterday. The police say that Finney has confessed that he set one of the fires and that he was present when several of the other houses were burning and also at numerous fires in the upper west side within the past few weeks. Finney was arrested in the hallway of a tenement house in 17th street, near 8th avenue, early today. His strange antics had attracted the attention of a policeman, who followed him when he entered the hallway of the house.

"What are you up to?" asked the policeman.

"Leave me alone," Finney replied. "I walk around a great deal and sometimes go as far as 75th street."

Two detectives who had trailed Finney and the policeman say they entered the hallway just in time to hear Finney tell the policeman that he had a mission to perform.

"What kind of a mission?" he was asked.

"Mission from the Lord."

"The Lord has given me a certain mission to perform," Finney is said to have replied.

"You wouldn't set fire to a tenement house, would you?" asked the policeman.

"I certainly would," Finney is said to have answered. "I would chastise and cleanse them by fire."

"Were you at the fire at 23d street yesterday morning?"

"No," was Finney's reply, "but I was told about it by the Lord. I was to the fires in the 18th street."

The police declare that the boy confessed to setting fire to the tenement house at 330 West 17th street yesterday morning. He is quoted by the police as saying that he was passing 330 West 17th street when the Lord

A pig roast was enjoyed last evening by the members of engine company No. 16 at the engine house. The pig, which was sent to Capt. Harper by his brother, was taken to the Raleigh Hotel kitchen, where it was roasted and afterward conveyed to the engine house and served, with other good good things, to the men of the company and a few invited guests.

### Saturday Specials in Boys' Furnishings

There are so many reasons why this boys' store grew to its position of leadership, and has since maintained its leadership, that we can hardly enumerate them all. But one is that it has always kept up to date; and another is that it has always given the greatest values. Here are three especially good ones for Saturday:

### Sturdy Shoes for Boys and Youths

At \$1.45 Values \$1.75 and \$2

The element of risk doesn't enter into the buying of these shoes at all. The Saks guarantee of complete satisfaction goes with them at \$1.45 just as surely as it does at the regular prices—\$1.75 and \$2.00. Consider the saving just that much of a premium to you for helping us to do a certain amount of business in this shoe shop to-morrow.

Made of selected satin calf, with genuine oak-tanned soles, and built of solid leather thruout. A full range of sizes.

### Men's \$1.50 Gloves at \$1.25

Should there be any doubt in your mind whether these are really \$1.50 gloves, just compare them with any apic-and-span new gloves that have recently come from the maker to sell for that price. Feel the skins; examine the making very carefully.

We'd have to ask \$1.50—instead of \$1.25—for them, too, if we hadn't ordered before the prices were advanced.

Fashioned of selected English cape leather, with the newest heavy outseams; regular and cadet lengths. \$1.25 a pair.

Our showing of Gloves for men does not stop with that one number, of course, but includes Fownes', Perrin's, and other well-known makes. Prices \$1.00 to \$5.00.

### The Newest Neckwear for Men

None but the worthy—none but the absolutely correct—and more styles to choose from than you will see in any other two shops in Washington.

Exclusive and up-to-the-minute effects that you cannot find elsewhere—for example, the Chrysanthemum Neckwear that we showed while the chrysanthemum shows were going on.

And as an instance of the values that you may look for here, come and see these

### Men's Guaranteed Patent Leather Shoes

At \$3.25 Value \$4.00

There seems to be some truth in that old saying: "It is the unexpected that always happens."

We did not expect to have any more of these guaranteed patent leather shoes. But here they are. Perhaps enough to last thru Saturday.

Fashioned of patent coltskin, with dull kid tops. Button, lace and blucher styles. Extreme shapes for the younger set; more conservative shapes for the more sober tastes.

And though Saturday's price is but \$3.25, they are guaranteed, which is something you will have some trouble in getting at twice the price.

### The Very Latest—the "Horse Show" Derby for Men

With the Fair Sex and the Horse it is sharing admiration and winning favor at its initial bow at the Horse Show in Madison Square Garden this week. We picked it for a winner the moment we saw it. And it is a winner already.

Its chief feature is the crown, which has a decided tendency to be flat, rather than curved.

And as it is a Karlton, it has all the excellences of the Karlton, and, of course, is shown exclusively by us in Washington. The Karlton price, too—\$3.00.

Another new hat shown exclusively by us in Washington is the "New Evening Hat" (made for us by Stetson). It comes in black or dark Oxford gray, to match the new Tuxedo coats, is telescoped, has a black silk sweatband and white satin lining. The price is \$4.00.

We would also remind you of the "Saks Special" Opera Hat, fashioned of fine materials, in the newest blocks, and with the best French springs, which we guarantee. The equal of others' Opera Hats selling at \$6.50 and \$7.00—the price is \$5.00.

### RAILWAY EARNINGS INCREASED

Preliminary Report of the Interstate Commerce Commission.

Figures for the principal items included in the forthcoming preliminary report of the Interstate Commerce Commission on the income account of railways in the United States have just been made public by the commission. The report contains returns for railway companies operating over 200,000 miles of line, or about 90 per cent of the mileage that will be covered by the final report on the statistics of railways for the year.

According to the report, the gross earnings of the roads under consideration were \$2,319,790,000, being equivalent to \$10,543 per mile. Passenger earnings were \$615,555,934, or \$2,811 per mile, and freight earnings \$1,640,942,862, or \$7,456 per mile. Operating expenses were \$1,532,163,153, or \$6,906 per mile.

The net earnings of the roads were \$787,593,877, being \$3,580 per mile, and nearly \$37,000,000 more than the corresponding amount reported for the previous year. The amount reported as income from sources other than operation was \$132,624,982. This amount includes a few duplications due to the method of accounting followed by certain of the reporting carriers. Adding this amount to net earnings from operation gives \$920,221,860. Against this amount were charged as interest, rents, betterments, taxes and miscellaneous items the sum of \$229,406,598, leaving a surplus for the year of \$690,815,262. The taxes paid during the year were \$68,003,288.
